

Hovingham Community Support Team

The *Hovingham with Scackleton Parish Council* working with the *Hovingham Action Group* have recruited a team of 30+ volunteers to help inform and protect the residents of Hovingham from the threat of the Corona Virus. A similar scheme is being established in Scackleton for their residents.

Please visit the Hovingham Website (www.hovingham.org.uk/corona) for latest guidance and information about any events taking place.

Each of the 11 areas of Hovingham have their own team of volunteers. All residents are being contacted by their support team; information is being distributed and any special needs or help are being identified.

If you want to help or know any more about this then contact one of your own local area volunteers or email action@hovingham.org.uk.

Thank You
