

HOVINGHAM COMMUNITY SUPPORT TEAM – RESIDENT GUIDE

In response to the current health emergency the Hovingham Parish Council and Action Group have organised teams of volunteers to provide support over the coming weeks. We are grateful to the numerous residents who have volunteered to help.

The volunteers will have dropped this notice through your door and it would be a big help if you could contact them with any support you might need, and whether you are over 70 and with health conditions, receive home care support, live alone, don't have email or internet access.

This will allow targeted information and support to be sent to you as it becomes available.

Keep this top half for your information and give the lower half to your volunteer so they can help
