

The Hovingham and Scackleton Newsletter

October 2019

Welcome to the Hovingham and Scackleton Newsletter

Welcome to this edition of your newsletter. As I write this greeting it would be easy to think we were still in the middle of summer instead of reaching into Autumn ... but whilst the sun still has some warmth during the day, it is starting to come in cooler once the sun disappears and that cool, crisp air definitely lets us know we are hitting 'back end'.

One of the beauties of this time of year is that ability to head out and do some foraging, and we don't have to go far! .. all around us the crab apples seem to have had a bumper year and the hedgerows are literally dripping with brambles! The sloes look to be big and juicy and it's all looking good for a slug of sloe gin or bramble whisky by the fire once the nights draw in!

Enjoy this newsletter. As always, many thanks to everyone who has contributed. Here's raising a glass to Autumn in this beautiful corner of the world! Cheers!

Debs Hugill

Keep those stories coming to newsletter@hovingham.org.uk - Next edition copy deadline is 20th November 2019

My riding story

At the age of 9 I'd done a little bit of riding, but not enough to say I could *really* ride.

I began to call at Low Moor Farm in Scackleton, home to the Coward Racing Team where Cherry, Samantha & Jacqueline Coward gave me lots of help and encouragement which led to me riding some of their "reliable" Point-to-Point horses. My favourite was Pots of Magic, who is now retired.

In a short time, I was progressing onto other horses at the yard, but nothing really fitted me I was really too small!

Cherry then introduced me to Gingerbread, a 23-year-old, 13.1h mare, who really knew her stuff. She came out of semi-retirement and the two of us got on like a house on fire. We loved hacking out, jumping and going to the occasional Pony Club Rally and Hunt meet (GB's favourite).

But Gingerbread wasn't getting any younger, and as my confidence grew, I wanted to do more ...more of the things she could no longer do without causing her aches and pains. So, in March this year, along came Spot. A 15.3h gelding who'd had 2 years off and was ready for some work. After a bit of a bumpy start (I fell off the first time I rode him) we set to work and now we're going great guns.

My Grandpa enrolled me with the Middleton Hunt Pony Club and I've just spent 4 days during my summer holidays at Pony Club Camp. Every day Spot and I worked on our show jumping, dressage and cross country with a Competition Day at the end of the 4 days. I was really pleased to win the trophy for "Best Dressage at Camp" and the trophy for "Best in Ride".

I think I've come a long way in 3 years.

Join the community celebrations for Harvest Festival. Everyone of all ages is welcome

Hovingham Church 10.30am - **Sunday 6th October**
followed by Harvest Lunch at mid-day at the Village Hall

Hovingham Chapel at 10.30am on **Sunday 13th October**
followed by Harvest lunch at the Chapel.

St George's Scackleton at 6.30pm **Sunday 13th October**

Without Malice or Ill Will

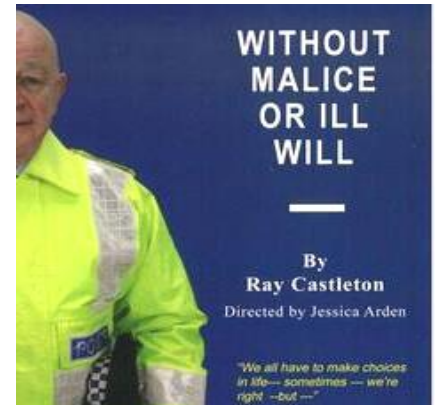

Hovingham Village Hall on **Saturday 19th October, 7.30pm.**

Geoff Marsh was a miner. Then a police officer. When the miners went on strike to fight for their industry, Geoff was on the other side at the infamous Battle of Orgreave.

Thirty-five years later he tells you his story.

A monologue written and performed by Ray Castleton.

Tickets: £10 from Dave Adam 01439 788878 daveyadam32@gmail.com

Poppy Appeal

**The Poppy: for us - a tribute to those who served.
For those who served - much needed, practical support.**

Our donations through the poppies that we buy each year honour those who have died or suffered in our armed services across the years but - importantly - they also support veterans and their families *today*.

The Poppy Appeal helps them with rehabilitation; with care in the community or in our residential homes; with mental health support; with financial & employment advice and assistance.

Before you decide on how much you would like to donate through your poppy, please go on-line to see just how valuable and essential your support is: [www. www.british legion.org](http://www.britishlegion.org) then click on "get support".

On last year's Armistice Day, we commemorated those of our community who served their country in WW1. Hovingham residents turned out in large numbers and donated extremely generously to the well-being of *today's* veterans and their families. This year, a commemorative tree planted by the churchyard gate and a temporary, floodlit flagpole by the village hall, will continue our recognition of all who have served. Please donate generously to those who continue that service and who need our help.

Our local efforts – can you help?

Last year we raised **£2,386.76** in Hovingham, Scackleton and Stonegrave with help from a great team of volunteers. This year, the appeal is again in November, and we will be doing house to house collections and the Hovingham Market have kindly said we can have a community stall on Saturday the 2nd. of November.

If you would like to help, then please do contact me, as the more volunteers we have, the less work everyone has to do!

I have been the main contact for the British Legion in the three villages for the last twelve years, but as I have now four small grandchildren, then this will be my last year.

I do hope someone will be able to take my place, as otherwise the poppy appeal in the three villages will cease.

Rosemary Stewart.

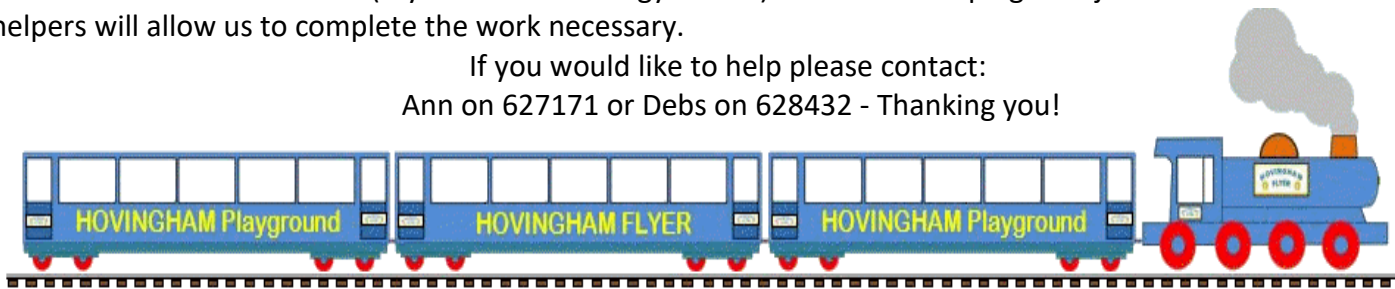

Our beautiful playground sitting on the outskirts of Hovingham, with land provided by the Estate and maintained by volunteers is in need of some work and TLC. We are looking for some help to assist in vital repairs necessary to keep the equipment safe for children visiting the playground. We have mat laying, sanding wood, tightening bolts etc to do – nothing too technical.

CAN YOU HELP?

We are having a working bee on **Saturday 12th October, starting at 10am**. If you could give us just a bit of your time to come and lend a hand, we would be so very grateful. As they say, many hands make light work!

Refreshments will be served (if you need an energy boost!) and we are hoping that just a few hours with willing helpers will allow us to complete the work necessary.

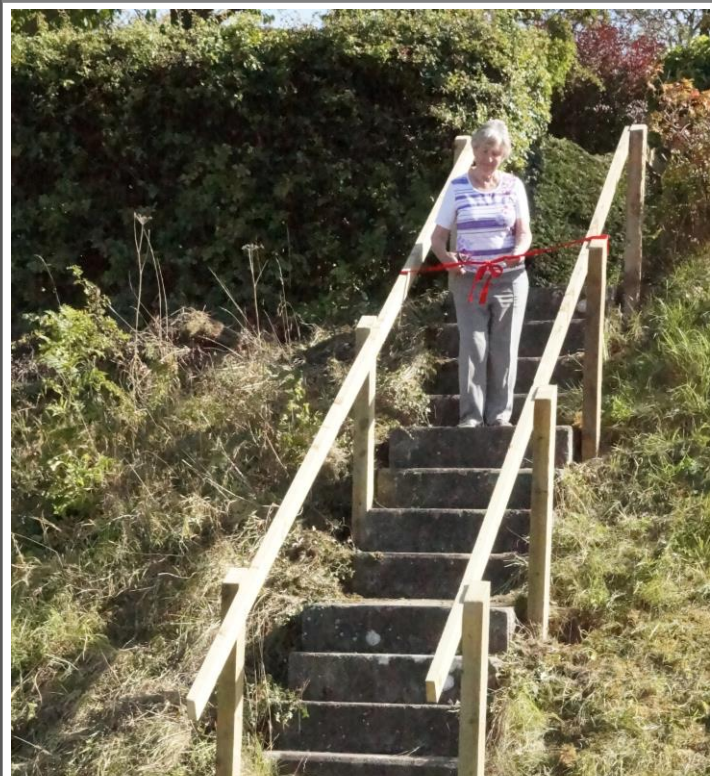

If you would like to help please contact:
Ann on 627171 or Debs on 628432 - Thanking you!

Spare a thought for Jason and Will – running for the Yorkshire Air Ambulance

Our valiant runners are participating in the Royal Parks Half Marathon. This stunning 13.1mile route will provide some distraction from the effort required to run around the capital's world-famous landmarks, and four of London's eight Royal Parks – Hyde Park, The Green Park, St James's Park and Kensington Gardens on **Sunday 13th October 2019**.

Old Quarry Steps

Janet James cutting the ribbon to officially open the refurbished hand rails on the public steps leading from the main road to The Old Quarry, kindly paid for by The Hovingham Estate.

Proceeds from this event are supporting Yorkshire Air Ambulance & the Scackleton Community

On Saturday 5th October, the Hovingham Village Market reaches an incredible milestone. It's the occasion of our 10th year anniversary, the 120th market and we're celebrating.

This small Ryedale village has quite a story. In a decade, we've

- ✦ raised over £125,000 benefitting over 60 community groups;
- ✦ grown from an average of 20 stalls to 60 stalls per market;
- ✦ won many awards; and
- ✦ achieved all of this with a 100% volunteer run market

Ten of our original stallholders have attended most markets from the start. One of these, Janet Stark (The Wall@Coulton), is rightly proud of the fact that she has been at every market for 10 years.

We've achieved all of this through support from our community, volunteers, stallholders, local business partners, the Hovingham & Scackleton Parish Council, the Action Group and residents who took the concept of a market and made it a reality including Mark Woolley, Martin and Margaret Bell, Richard Wood, Phil and Ann Chapman and Pete & Chris Stark and family.

To celebrate:

- ✦ We'll have a balloon arch to the entrance of the market
- ✦ Sir William Worsley will formally open the Market and say a few words.
- ✦ We'll also have a fantastic cake. This will be cut at 1pm and distributed to Stallholders and Volunteers. The cake will celebrate everything that is special about the Market; high quality; local produce; made locally and tasting great.
- ✦ One of our artists, Patrick Smith, is preparing a poem.

So, come along and join in the fun.

And, as we turn the corner into autumn, our markets on Sat 2nd November, Saturday 7th December and Saturday 21st December, promise more seasonal goodies.

Caroline Davis, Hovingham Market Group

10th BIRTHDAY MARKET

5th October

10:30^{am} to 1:30^{pm}

www.hovingham-market.org.uk

• Shop Local and Enjoy •

Well harvest has been and gone. Sounds straight forward when you say it like that however reality is a little different.

Got the combine warmed up at the end of July by going to cut some barley for a neighbour because their combine had broken down. Did about 25 acres in between the showers that had started to appear after the hot weather had disappeared! It gave me the chance to make sure the combine was running OK before I started my crops.

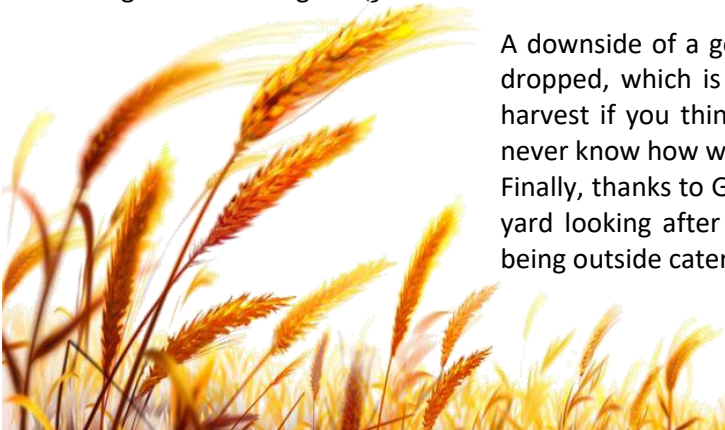

My first crop to cut were the oats. Only had 34 acres but it took four days as we were rained off twice! Despite that I managed to get them cut dry enough to put straight in the shed without drying them. Overall, they yielded pretty well plus a good crop of straw too. They were sold a few months ago to move in November and December.

It was straight into the wheat after the oats and after cutting the first field it rained again! No combining for 5 days, cut another field then it rained again! This time we got 15mm over those 5 days so it was quite wet. This was just before Countryfile at Castle Howard so anyone who went on the Friday or Saturday will remember just how muddy it was. We finally got harvesting again after a week but only for 2 days before the showers came back.

It was starting to get a bit frustrating but thankfully the weather took a turn for the better and over the August bank holiday weekend it got hot again. We got on very well and had 4 good days when we got the rest of the wheat cut and a lot of straw baled. The wheat came in dry and just got tipped in the shed and heaped up with air blowing through it to keep it cool. All was well-until the forklift refused to move when it was parked in the most unhelpful place in the shed! Got it dragged out with a chain and tractor but found a drive gear had stripped the threads and there wasn't one of those parts in the country but had to come from France. Finding out that France spend most of August on holiday and nobody could say when the part would arrive wasn't helpful. It was out of action for 2 weeks but with the kind help of neighbours I was able to manage.

Last to cut were the beans in the first week of September. Again, some showers to disrupt it but I got them done and they were just about dry enough to be put straight into the shed.

Overall the yields have been good. The beans were a little disappointing but not a disaster. The weather as usual proved frustrating at times and getting cross when the forecast was wrong (which it frequently was) didn't seem to help either.

A downside of a generally good harvest across the country is that the price has dropped, which is quite usual. There is an opportunity to 'forward sell' before harvest if you think the price is good at the time, but the difficulty is that you never know how well the crops will yield. Not good to sell more than you have! Finally, thanks to Graham for driving the combine when I had to be the lad in the yard looking after the drier, James for driving tractor and trailer and Clare for being outside catering manager.

I really should thank the hotel for providing a place for a therapeutic pint to compare various disasters with the neighbours.....

Mark Wilson

Plastic recycling is regularly in the headlines especially since the recent BBC documentaries *'Blue Planet II'* and more recently *'War on Plastic'*.

According to our recent survey the current trend in Hovingham on recycling plastic and metal is at 94%. In order to help with the correct sorting and segregation of recyclable plastic Hovingham Action Group Project Purple have researched what plastics are commonly recycled and accepted by Ryedale District Council below is the list of the can and the can't.

Those that you cannot recycle should be **put in your Land Fill Bin**. These bins are later processed at the Allerton Park facility, so they do not actually end up in landfill but are used to generate electricity. See our article in the August Newsletter.

Further information on current recycling can be obtained from
Ryedale District Council
www.ryedale.gov.uk
- phone 01653 600666

Additional recycling tips:

Batteries can be safely recycled at most large supermarkets, including Morrison's in Malton.

Tetra Packs and **Elopak**; juice cartons, milk cartons, paper cups, paper coffee cups, other beverage cartons, soup, tomato and other food cartons. All these can be recycled at Wentworth Street Car Park, MALTON and St. Nicholas Street Car Park, NORTON

Hovingham Recycling Point

According to the recent survey 41% of households use the Hovingham Recycling facility with many ideas being shared on how to improve and expand it. Thanks for all your ideas. You will be pleased to hear that plans have begun to improve the area with the help of funding from Ryedale District Council and we will keep you posted.

Kim Colenso – Project Purple

Plastic recycling explained

Plastic bottles are the only type of plastic we can accept. There is a good market for plastic bottles and they are made from a type of plastic which is easy to recycle.

We can recycle all plastic bottles from the kitchen, utility or bathroom:

- ✓ fizzy drinks
- ✓ milk
- ✓ water
- ✓ cooking oil
- ✓ shampoo
- ✓ bleach
- ✓ washing up liquid

Size or colour doesn't matter - if it's a plastic bottle we'll recycle it.

RYEDALE DISTRICT COUNCIL  www.ryedale.gov.uk
Streetscene

Why can't we recycle these

These plastics are much harder to recycle as they are made from different plastic types. Also, market demand for these products is limited. However, this may change in the future.

If your plastic product is not a bottle we cannot recycle it.

- ✗ yoghurt pots
- ✗ margarine tubs
- ✗ food or fruit trays
- ✗ carrier bags
- ✗ cling film
- ✗ polystyrene
- ✗ other plastic packaging

For further information contact:

It is every dog owner's legal and moral duty to clean up after their dog.

There seems to be an increase in the amount of dog waste on greens and pavements again, and waste bags pushed into hedgerows, fences and the like. Dog faeces are not only unpleasant but can be a real health hazard. Several bacteria can be transmitted from dog faeces to humans including campylobacter and E. Coli. and these can cause nasty infections in people. However, the major health concern for humans is the risk of Toxocara roundworm infection. Dog faeces from infected dogs can contain toxocara eggs and these eggs can remain in the environment for years. If these eggs (invisible to the naked eye) are accidentally ingested (often by small children) then serious illness including blindness can occur. Picking up dog faeces is vital to control this infection, along with regular and effective worming.

Hovingham with Scackleton Parish Council

Dog Fouling

It is every dog owner's legal and moral duty and responsibility to clean up after their dog.

If your dog fouls in a public place, please clean it up.

Please Note:

We have the power to prosecute under the Dogs – Fouling of Land – Act 1996.

This Act allows for a fixed penalty fine of £50. In certain circumstances offenders can be taken to court where the maximum fine is £1,000 and a criminal record.

Hovingham has more dog waste bins than ever – now 5 within the village and on the walkways around the village edge.

Hovingham Fracking News

Multiple Decisions pending about fracking locally

1. Third Energy's new owners, York Holdings (an affiliate of US company, Alpha Energy), have planning permission to frack in Ryedale until 2026. This is subject to hydraulic fracking consent being granted by the UK Government.

Before Third Energy were bought, they applied for time extensions to most of their planning permissions granted by North Yorkshire County Council for their sites locally. Decisions about these extensions are still to be determined. This means that the company has been operating with lapsed planning permissions since May 2018.

2. No decisions have been published about the two Government consultations. The consultations concerned making hydraulic fracturing gas 'production' a Nationally Significant Infrastructure Project and also 'exploration' for hydraulic fracturing of gas to be made Permitted Development. Both of the consultations were undertaken with a closing date towards the end of October 2018. The UK Government's Cabinet Office Guidelines on Consultations state that a response should be issued 'in a timely fashion, usually within 12 weeks.' If this is not met, a reason for not doing so ought to be published and a response to the consultations should be made as soon as possible.

3. You may remember that our Joint Authorities (North Yorkshire County Council, North York Moors Park Authority and City of York Council) have taken their Minerals and Waste Joint Plan to an Examination in Public. This plan once it is adopted sets planning policy in respect of Minerals and Waste throughout the plan area (including Hovingham). The final stage for the Examination is for the Planning Inspector, Elizabeth Ord LLB (Hons) LLM MA DipTUS, to issue her report confirming that the plan is sound. The Inspector's report on the plan will only be issued once the joint authorities have consulted on the main modifications that remain outstanding and the Inspector has had the opportunity to consider the representations to that final consultation. The Joint Planning Authorities (once the Inspector confirms the plan is sound) must then publish the plan as soon as is reasonably practicable. Adoption is the final stage of putting such a plan in place. So it is then up to the Joint Authorities to adopt the plan (this should be a formality - bearing in mind it has been through a significant process locally to engage communities and other interests in discussions about the future of the area), and it is expected that the authorities will proceed quickly adopting a plan that has been found sound. This requires confirmation by a full meeting of each of the Joint Authorities.

In September 2019, Ryedale District Council voted unanimously to extend their fracking moratorium indefinitely.

Following the results from the Village Survey various areas are now being investigated as to the best way to proceed. Some are more possible than others and some are short term and others more long term. Here's the current list:

Action – Village Design Statement (VDS) option - (Need to determine the effectiveness of a VDS as the best means of achieving the protection and future direction needed.)

- Protect local views, peace and quiet, wildlife and walks and community spirit
- Sympathetically manage limited housing and other developments to maintain the village aesthetic
- Oppose some inappropriate housing and “industrial” developments, such as fracking
- Value Local Businesses; Bakery, Hotel, Pub, The Park, Village Shop and Farmers
- Value Churches, Village Hall and Market
- Value Mobile Services, Library and Post Office
- Newsletters, Noticeboards, Word of Mouth and Websites keep residents informed
- Volunteers are valued and appreciated
- GP Surgery; more local appointments and more medicines available in Hovingham (contacted Doctors)
- Encourage use of Public Transport; more services would be welcome
- Improve mobile phone coverage

Action – Concerns about traffic and policing

- Limit speed of vehicles everywhere in village by selecting best options:
 - Speed signs
 - Active matrix signs
 - High viz signs
 - Better sign placement
 - 20mph near school and in Church Street
 - Community Speedwatch (Action: encourage volunteers)
 - Active Policing and Speed Enforcement (Action: Police Commissioner)
- Safer Crossing Places Needed – near school, shop, Park St, elsewhere? (Ac
- Reduce noise, vibration and intrusion of HGVs, enforcing hours of operation (Action tbc)
- Dissuade inconsiderate drivers re parking, avoiding pavements and damaging verges (Action tbc)
- A more visible Police presence and enforcement would be welcomed (Action: Police Commissioner)
- Fixing highway, pavement and other faults (Action – encourage reporting on websites)

Action – Environment and Carbon Footprint

Given the significant concern about our Carbon Footprint, Hovingham Action Group's - Purple Group are developing:

- Encouraging more recycling, reduce waste and improve reuse of materials see article on Page 6
- Improving home insulation and encouraging better energy efficiency
- Promoting the reduction of high-carbon generating energy and developing renewable energy options locally

The Parish Council unanimously approved the following at their meeting on 18th September:

“Following the results of the community questionnaire in June 2019, Hovingham with Scackleton Parish Council reinforce the Communities concerns over climate change and endorse the plans set out by Hovingham Action Group's – Project Purple.”

Hovingham Estate www.hovingham.co.uk – Monday to Friday 8.30am to 4.00pm

Residential property - The Estate has residential property to rent, ranging from 2 bedrooms to 5 bedrooms, all situated within the village. **Contact:** The Estate Office on 01653 628771

Logs for sale - The Estate sell logs in varying load sizes which can be delivered within 1 mile of Hovingham Village. **Contact:** David Teasdale on 01653 628037

Please note due to harvest logs cannot be delivered during the months of August and September.

New Granddaughter

John and Lyn White in Scackleton are delighted that their daughter Laura, and her partner Ben, now have a beautiful baby daughter, Harper Rosa, who was born on the 28th of August. She was 9lbs and both mother & baby are well. We now have two beautiful granddaughters born in 2019, Harriet born in January to Cherrill and Alex, and Harper born in August.

Lyn White

When a Smile says it all

Becky Mason, Cherry Coward's niece, was overjoyed with her success in the World Triathlon Championships in Lausanne, Switzerland, on 31st August. It was a challenging, hilly course on a hot day, 30°C!

Becky competed in the 25-29 Female Age Group Sprint, finishing 18th in the final, and 7th within the GB team.

Well done, Becky! A very proud Aunt and family.

..... And, not to be outdone, Becky's twin sister, Laura Mason, completed the Great North Run in early September, completing in just under 2 hours, with a time of 1h 59m 20s.

Laura raised £3,000 for the UK Sepsis Trust. Well done, Laura!

Nicole Robson

Sheriff Hutton Point-to-Point Charity Event

The Sheriff Hutton Point-to-Point Charity Event raising money for Yorkshire Air Ambulance will take place on Sunday 12th January, 2020. **They are currently looking for sponsors for the 2020 event, and volunteers are always welcomed.**

Last year they raised an incredible **£17,650** for Yorkshire Air Ambulance, which is an incredibly important service for Yorkshire, and is a charity supported by many in Ryedale.

Nicole Robson

Poppy Appeal 2019

The Poppy Appeal this year starts on Thursday 24th October, 2019 and I will be collecting in Scackleton from this date onwards. I look forward to receiving your support. *Nicole Robson*

**Sheriff Hutton Point-to-Point Charity Event
Sunday 12th January, 2020**

**VE Day 75
Ringing Out for Peace
Friday 8th May, 2020**

It is a pleasant time of the year to walk along colourful hedgerows with the hips and haws, rowan, elderberries, sloes, late brambles together with the catkins, conkers, acorns, beechnuts, and sweet chestnuts.

I am disappointed with less song birds around in some places. There are many pheasants laid down by the local keeper and I was lucky to see a family of baby partridges, running alongside a field of maize waiting to be cut possibly for silage.

As the nights are drawing in, I will be coming back from Grannie duty in York in the dark. I look out for an owl on the bends near Cheese Vat Farm, Sheriff Hutton and love to watch it glide along the hedge tops. I was once astounded to walk at Coulton and find baby owls nesting in a rabbit burrow.

It's Harvest Time

Now the summer holidays are over and autumn advances it is Harvest Festival time. Hovingham Chapel members will support Slingsby's Harvest Festival on Sunday 29th September, with retired minister Rev Manchester from Old Malton Church at 10.30am.

Hovingham Chapel members will support the village Church's Harvest Festival on the following Sunday 6th October, and then it's our own Chapel Harvest Festival on **Sunday 13th October at 10.30am** led by Local Preacher Marion Moverly.

We will serve a light lunch afterwards in the chapel. We expect some of Slingsby Chapel and Hovingham Church to support us.

This year we are not having our usual Monday evening service with sale of produce so we will see how it works, and we will accept donations and produce to go to the Food Bank in Malton/Norton in addition to that collected in our collection box every week at Chapel.

I do not yet know of the date of the School's Harvest Festival.

Meanwhile meetings keep us busy with our Chapel Council meeting and another discussing ecumenical events The Remembrance Service is always held in the Parish Church, which Chapel members will support at 10.45 on Sunday 10th November.

EDGEMOOR

VETERINARY PRACTICE

Dedicated small animal practice in modern purpose-built premises. Our friendly team of four vets, four fully qualified nurses and support staff are all committed to providing the best possible care for your pets. We are your pets' GP, surgeon, dentist and midwife.

With branches at Kirkbymoorside & Pickering
www.edgemoor-vets.co.uk

Another summer has flown by and league tennis has come to an end - after a season frustrated by injury and absences it is good to be able to report that both teams finished mid-table!

The A team took 7th position in league one and the B team finished 5th in division two. Strong finishes in the last few matches really helped the cause for both teams and I think everyone is satisfied with the result!

Congratulations to Alne A who were the winners of Division One and Malton B who won Division Two and will be promoted to the top division next year along with Coxwold B.

Many thanks - again - to captains Murray and Alec who work well together to put out the strongest teams' possible week in, week out ... we would not have a team without you!

Tennis continues throughout the winter and social groups are always looking for more players.

If you are interested in joining our lovely club, having access to the court, free use of a ball machine, etc, etc! please get in touch with Fiona on 01653 628201 or e mail Fiona.Bennett@gmail.com

Hovingham Cricket News

The start of the season seems a long time ago in a cold and wet April but that seems to be par for the start of any cricket season, the weather over the season not great - with a number of matches affected by rain, either cancelling or abandoning games. We saw some new faces join the club this season which has proven to be a lifeline in terms of getting 2 teams out every Saturday across the 21 weeks of the season. These faces included young and old, juniors just at the start of their career and some coming to a gentle and dignified end, and in some cases picking up their career at, let's say an older age! All in all, great to have new faces expanding the membership of the club. This was all celebrated last game of the season with a Hog Roast supported by Tony and his team at the Worsley, Ian Mosey and Andrew Moutrie. Many, many thanks to everyone who contributed to what was a great end of season party.

On the pitch, opposition teams continue year in, year out, to look forward to playing in front of the Hall, on a ground lovingly procured by Dave Skillbeck. Although it was a monumental year for David - For the first time in 30 years he went away during the Cricket season! But in light of him and Wendy celebrating their 50th Wedding Anniversary I think we can allow that...just this once!! Thanks David again for all your hard work.

Whilst maintaining 2 teams on Saturday and a Thursday was the key aim, results on the pitch unfortunately never really got to any dizzy heights - although led by Rich Hudson the Thursday side did win their evening league and gain promotion back to Division 1 for 2020.

The 1st team led by George Wainwright did finish bottom of Div 2 but like in previous seasons will not get relegated, and the 2nd team managed to finish mid table in Div 4. All of us would also like to thank our scorer Julie Walker for scoring each week and maintaining a stunningly neat book, a real art.

The future of the club looks bright, with a number of youngsters playing 1st Team cricket this season - well done to Rob Walker, Max John and Harry Scuffham - and with Alex Lynas, Ben North & James Wentworth all pushing hard from the 2nds another year older will no doubt bring them rewards in 2020 and beyond.

We are always looking for players - and with our ground rated as one of the top 100 grounds in the country to play, it would be great to encourage new players for 2020. The demise of Village Cricket is a fact across the UK at grass roots levels as the younger generation have so many other distractions. Umpires and Scorers are also a rare commodity .. indeed, like hen's teeth! If there is anyone out there who would like to help us umpire and score - maybe having finished their own playing career, please make yourselves known to us via Tony at the Worsley or via our Facebook page. Cleaners are also being sought for the 2020 season - this takes just 2 hours a week to clean the pavilion, on a day of your choice.

All in all, a satisfying season in terms of participation but work to be done as far as being competitive. Winter Nets start at Terrington School in February.

All new players / Umpires/ Scorers can contact Rich John 01653 628194 or email Richard.john5@outlook.com.

Neighbourhood Watch

- Still awaiting additional Neighbourhood Watch signs for Canada Lane & Grange Lane.

Pinfold

- Weatherproof signs for the Pinfold were presented by Jim Louttit, which had been printed on correx by the Parish Council. Rob Matthews is to make a wooden display frame for the sign.

Caravan in Scackleton Lane

- 4 alpacas are now on site with additional shelter & gate.
- The Enforcement Notice to vacate the site came into force on 4th August, 2019. The applicants have submitted a Retrospective Planning Application which Ryedale Council have now declined (13th September). The applicants now have 6 weeks from the date of the decision to apply for a judicial review.

Promoting a cleaner & healthier village

- Litter pick resulted in clearing 3.5 bags of rubbish along the lanes of Scackleton & the main road.
- All the signs in the village have been cleaned and look a lot better.
- A new dog bin was requested & has been purchased by the Parish Council for Scackleton. It is now sited on a section of Scackleton Lane which goes to Hovingham Lodge.

Speeding in the village

- There have been continuing concerns about the speed of cars, vans and lorries travelling through the village. The formation of a Scackleton Community Speed Watch was discussed, which would have support from the Parish Council and the Hovingham Community Speed Watch, with the loan of their speed gun.

Bus Service in Scackleton

- Residents have been made aware of Ryedale's review of the subsidised local bus services, and have been encouraged to write in with their individual objections, in addition to the Scackleton Action Group, to save our bus service.

Hovingham & Scackleton Newsletter

- Residents are contributing news for the Newsletter, but could always do with more. Our aim every month is to have a regular "News from Scackleton" section, an additional article and an Action Group Update (only 4 times/year).

Community Events & Fund Raising

- The Community Events Team had a successful first meeting, which generated lots of ideas for fund raising in the village for the Scackleton Community and local charities.
- 2 music events are planned before Christmas for October and November. They will feature local band Work-Shy and a Scottish musician, Charlie Harrigan. Details of the October ticketed event have been released and will take place in St George's Church. Details of the November event are still to be confirmed.
- Volunteers will also be needed for these events, so please contact either Nicole nicolelouttit@btinternet.com or Rob robmatthews1960@yahoo.co.uk.

Community Café at Hovingham Market

- St George's Church, Scackleton will be running the café on Saturday 5th October. All hands-on deck please to serve the best bacon sandwiches! Hovingham Market will also be celebrating its 10th Birthday on this day. So please come along to support the market and our café.

Key dates for the future

Sunday 13th October – Harvest Festival @ 6pm in St George's Church, Scackleton.

Saturday 19th October – Charlie Harrigan @ 7.30pm in St George's Church, Scackleton.

Wednesday 23rd October – Action Group Meeting 7.30pm in St George's Church, Scackleton.

To be confirmed Saturday 16th November – Work-Shy @ 7.30pm in St George's Church, Scackleton.

Sunday 15th December – Carol Service @ 6.30pm in St George's Church, Scackleton.

Sunday 12th January – Sheriff Hutton Point-to-Point Charity Event.

Friday 8th May – VE Day 75 Ringing Out for Peace.

Clock Winding - The team take care of winding the clock every week. Funds are being raised so that the clock can be wound automatically. Following the stall at the Market on 6th July the fund now has raised £3,595.80.

Email Diary - This is published weekly to all those registered and also on the website. Please contact the diary@hovingham.org.uk if you have details of any event you would like included or you would like to receive your own copy.

Market - Market is celebrating its 10th birthday in October. Over 10,000 have visited the Market in the last year and over £125,000 has been raised for Community Groups since October 2009. If you are interested in helping then please contact the market at themarket@hovingham.org.uk.

Neighbourhood Watch - Enables you to help your neighbours and yourself. You can receive email alerts by registering on the website or by email at nhw@hovingham.org.uk.

Newsletter - Anyone interested in writing articles and/or help editing please contact the team - details Page 1

Playground - The new organising group had a very successful Community Café and are now planning their annual working bee on October 12th at 10am. Issues with inconsiderate parking and unauthorised events at the Playground are being addressed with Council and others. Anyone who can help should contact the group. See details on Page 3

Project Purple - The Electric Vehicle Charger (EVC), for the Village Hall, has received the go ahead. Projects are currently being planned to improve recycling, use of renewable energy, improving home insulation and ways to reduce amount of carbon being created. See details on Page 6 and 8

Recycling - The survey demonstrated significant support for improving recycling and the recycling area. Ryedale District Council is planning to refurbish the Hovingham area and details are still being awaited.

Speedwatch - More volunteers are welcome to increase the number of sessions and reduce the speed of vehicles in the village.

Village Survey Action Plan - We are now receiving feedback and actions from many of those organisations contacted following the survey. Discussions are taking place on how others can be achieved. See details on Page 8

Websites - The revamped Village Hall website (www.hovingham-village-hall.org.uk) is now linked to the Village website (www.hovingham.org.uk). These, together with the Market website, continue to receive increasing number of visitors and interest. Contact the Action Group if you have anything you would like included.

Volunteering - there is something for everyone

There are many different ways you can help depending on your experience, age, interests and time available.

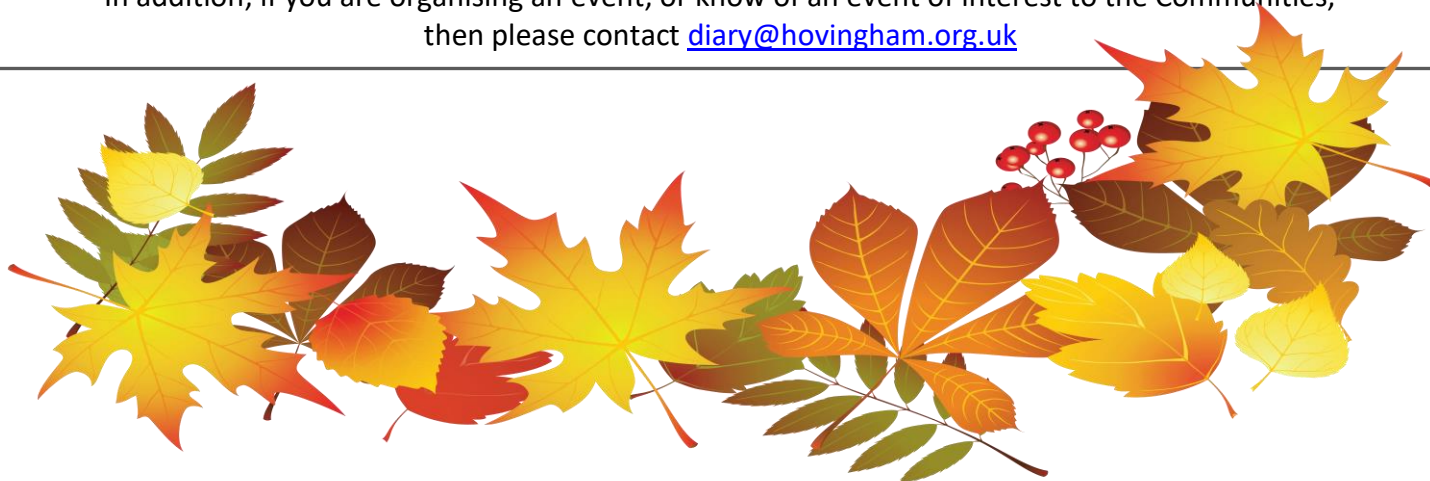

It is a great opportunity to get involved and benefit the whole Community. Please contact action@hovingham.org.uk, or Ann or Phil Chapman, for more details and to get involved.

Thank You

Weekly Events Diary

Those interested in events scheduled in both Hovingham and Scackleton are encouraged to subscribe to receive the diary every week. Registration is free; either on the website or contacting the diary by email.

In addition; if you are organising an event, or know of an event of interest to the Communities, then please contact diary@hovingham.org.uk

FLOODING UPDATE from NYCC

Gareth Roberts of NYCC presented the WSP report on Hovingham's Flood Alleviation Measures. The report should have been sent to the Parish Council prior to the meeting, it had not been received and he brought a paper copy to the meeting.

Many of the suggested measures have already been implemented by Cllr Mark Wilson and the Parish Council.

There are different views between the Environment Agency and the various Councils as to the work that is needed. The drainage system in Hovingham needs to be reviewed by NYCC and Gareth will

HOVINGHAM

Action Group Report has been circulated. It includes an Action Plan and the following was unanimously agreed:

"Following the results of the community questionnaire in June 2019, Hovingham with Scackleton Parish Council reinforce the community's concerns over climate change and endorse the plans set out by Hovingham Action Groups – Project Purple."

Armistice Commemorative Tree – An oak tree will be planted on 1st December 2019 on the grass verge alongside the wall near the gate to Hovingham Hall and the Church.

Bus Timetable Coastliner have reduced service and passengers are experiencing problems when buses arrive very late after traffic congestion on the A64. The Parish Council will write to Coastliner, cc NYCC, to make them aware of the problems this unreliable service is causing.

Dog Bin Installation – This has taken place by the substation behind the Hovingham Inn.

Electric Vehicle Charge Point – BP Chargemaster have difficulty accepting the order, supported by the Parish Council, RDC and the Government's OLEV department. This issue is being taken up with BP Management.

Hand Rails on York Hill – Hovingham Estate have erected a new handrail on 18th September. Thank You.

Hovingham Noticeboard – Source and cost of materials is being investigated.

RBL Erection of Flagpole – The temporary erection of a flagpole two weeks prior to Remembrance Sunday has been agreed. The PC await detailed proposal regarding possible lighting of the flag.

Recycling Area – awaiting details for RDC

Refurbishment of Hovingham White Railings – 11 new posts, 2 top rails and 2/3 metal straps need replacing. A quotation for the materials and work is being obtained.

Seat around tree on top green – has been repaired. Quotations to replace will be obtained in new year.

Parish Councillor Vacancy – still open. Please contact Parish Clerk if interested.

RYEDALE DISTRICT COUNCIL (RDC)

by Cllr Claire Docwra

RDC have passed a motion putting an indefinite ban on Fracking in Ryedale. A move supported by the Parish Council.

HGV Traffic – Following two early morning (5am) sessions spent monitoring HGV traffic, Claire will contact Hauliers regarding the Operator Licenses and their conditions. Moving the 30mph speed limit, about 300m along the Brandsby Road, will be Considered.

Hovingham Playground/Cemetery/Ebor Way – A resident has complained about the number of cars parking in turning area. Claire has had a meeting with them. This parking problem is shared throughout Hovingham and the situation will continue to be monitored.

SCACKLETON

Action Group – a report has been circulated and is available on the website. **Mobile Home Update** – enforcement is being undertaken and subsequent planning application has been rejected under section 70C of the Town and County Planning Act of 1990.

FINANCE

Report copies are available on the website.

Agreed to spend up to £150 for dog waste bin in Scackleton.

PLANNING

Punch Taverns are appealing decisions to reject both their applications to build two homes behind the Hovingham Inn. Date of decision is unknown.

CORRESPONDENCE

- Consultation is taking place regarding removal of Planning Permission requirement on cell phone and 5G Masts. The Parish Council believe there must be local scrutiny especially in Areas of Outstanding Beauty.
- Letter received from Friends of the Earth; agreed local action by the Purple Group is appropriate for us.
- Received request from Kirkbymoorside Library; agreed it is up to residents to donate to both this, Helmsley and Malton libraries.
- NALC policy on local audit – the Parish Council support the new exemption for Councils with <£25k turnover.
- Parking near Playground – copied elsewhere
- Rough Sleepers – RDC are undertaking ongoing survey

PARISH COUNCIL MEETINGS (All meetings start at 7pm.)

Next meetings are on 13th November 2019 and 8th January 2020 will be in the Hovingham Community Room.
